Program Trends

- About 62.9 million persons received Social Security benefits for December 2018, an increase of 1,002,862 (1.6 percent) since December 2017. Almost 75 percent were retired workers and their spouses and children, 9 percent were survivors of deceased workers, and 16 percent were disabled workers and their spouses and children.
- Sixty-nine percent of the 43.7 million retired workers received reduced benefits because of entitlement prior to full retirement age. Relatively more women (71.4 percent) than men (65.6 percent) received reduced benefits.
- The number of beneficiaries aged 65 or older rose from about 40.8 million in 2013 to about 47.1 million in 2018 (15.4 percent). The number of beneficiaries aged 85 or older increased by about 4.3 percent during the 5-year period from about 5.5 million in 2013 to about 5.8 million in 2018. In 2018, about 68,000 centenarians were Social Security beneficiaries.
- About 26.1 million women aged 65 or older received benefits for December 2018. About 14.0 million (53.7 percent) were entitled solely to a retired-worker benefit. About 6.8 million (26.0 percent) were dually entitled to a retired-worker benefit and a wife's or widow's benefit, and about 5.3 million (20.3 percent) were receiving wife's or widow's benefits only.
- About 2.9 million children under age 18 received benefits, including 1,182,080 children of deceased workers, 1,337,019 children of disabled workers, and 339,202 children of retired workers.
- About 9.9 million persons received benefits based on disability—8,537,332 disabled workers, 1,127,181 disabled adult children, and 254,581 disabled widows and widowers. In addition, 118,514 spouses and 1,382,920 minor and student children of disabled workers received benefits.
- Average monthly benefits for December 2018, including the 2.8 percent cost-of-living adjustment, were \$1,461 for retired workers, \$1,234 for disabled workers, and \$1,388 for nondisabled widows and widowers. Among retired workers, monthly benefits averaged \$1,627 for men and \$1,297 for women. For disabled workers, average monthly benefits were \$1,360 for men and \$1,104 for women.
- Average monthly family benefits for December 2018 were \$2,503 for a widowed mother or father and children; \$2,168 for a disabled worker, wife, and children; and \$3,032 for a retired worker, wife, and children.
- Total OASDI benefit payments for calendar year 2018 were \$988.6 billion. Payments from the OASI trust fund were \$844.9 billion—an increase of 5.8 percent from the \$798.7 billion paid in 2017.
- Benefit payments from the DI trust fund, from which benefits are paid to disabled workers, their spouses, and children, increased by 0.7 percent from \$142.8 billion in 2017 to \$143.7 billion in 2018.
- OASDI benefit awards in calendar year 2018 totaled 5,597,369, including 3,082,080 to retired workers, 585,178 to their spouses and children, and 890,530 to survivors of insured workers. Benefits were awarded to 686,723 disabled workers and to 352,858 of their spouses and children.
