We offer free interpreter services

We provide free interpreter services to help you conduct your Social Security business. These interpreter services are available whether you talk to us by phone or in the Social Security office.

Call our toll-free number, **1-800-772-1213**. If you need service in Spanish, press 7 and wait for a Spanish-speaking representative to help you. For all other languages, stay on the line and remain silent during our English voice automation prompts until a representative answers. The representative will contact an interpreter to help with your call. If we cannot complete your business by phone, we will make an appointment for you at a local Social Security office and arrange for an interpreter to be there at the time of your visit.
